### Stowe's Green Mountain Inn adding two new family-style apartments to resort

Stowe, VT - In an effort to cater to the rise in the family tourism market, Stowe's Green Mountain Inn is adding two new 1800 square foot apartments to the Mansfield House, offering a total of eight apartments directly suited to the needs of families. "More and more families are traveling these days, and we plan to continue accommodating their needs," said Patti Clark, the Innkeeper at Green Mountain Inn. "Right now we have six apartments and we want to be able to offer more families a place to stay," she said. The two new units will give the Inn a total of eight fully equipped apartments. In addition to these units the Green Mountain Inn offers 25 additional accommodations that meet family needs.

"The Inn is a perfect place for families given we have a heated outdoor pool, game room, health club and we are located right in town making it fun for the whole family," said Clark. "Also, kids stay for free."

The new apartments will be designed to accommodate families of four. Each 2-bedroom apartment will be equipped with large screen televisions, complete with the Wii gaming systems, a laundry room, family area, fully equipped kitchen, two bathrooms, a Jacuzzi tub and all the amenities of home. Though the units will be brand new they will still hold the classic Inn feel that the Green Mountain Inn is famous for.

Construction has begun and the units are expected to be completed by July 2008.
